TOM CRUISE

In regards to your fight against the Psychiatric and Medical Establishment, such a fighting stance in the media constitutes a 'counter-create' and violates the reality of people such as Brooke Shields. I need to cram you on a basic principle of Scientology.

Restudy:

The book: The Fundamentals of Thought, Chapter 2 Basic Principles in particular the section REALITY is the way.... the part about counter-creation.

Look it over and work out your own examples, how to USE these principles be it dealing with media or otherwise in your work.

Essay: How you will apply this datum from now on, to Keep Scientology Working!

"Yes Tom, I am back and have never been away"

Success !!

Much Love,
